Owners/Builders Site Plan Compliance Affidavit

Planning Commission's passage of the motion of 09-02-04 for the adoption of the procedure below specifically stipulates a required notarized evidence to be promptly furnished by the owner or builder to the Zoning Inspector to verify location of proposed structure. This evidence must be supplied in the form of a builders' statement or affidavit, with a notarized site survey for establishment of evidence that the structure is in compliance with the regulations set forth in the submitted application and for the zoning district in which the construction is located.
